PERSONAL PROFILE

First-Class BA (Hons) Graphic Design graduate with a strong interest in branding, digital design, and 3D visual development. Experienced in creating visual identities, digital assets, and concept-driven designs through academic and self-initiated projects.

Proficient in Adobe Creative Suite and experienced in responding to design briefs, refining work through feedback, and delivering creative solutions under pressure. Seeking a junior design role where I can contribute ideas and continue to develop professionally.

SKILLS & ABILITIES

- Adobe Creative Suite (Illustrator, Photoshop, After Effects) – creating branding, digital and motion design work
- 3D design tools – developing visual concepts and digital models
- Visual communication – translating ideas into engaging design solutions
- Design process – research, concept development, feedback, refinement
- Time management – delivering projects to deadlines in fast-paced environments

DESIGN PROJECTS

GTHREADS – Brand Identity

- Designed a complete brand identity including logo, typography, and colour palette
- Created digital marketing assets including social media graphics and promotional materials
- Used Adobe Illustrator and Photoshop to develop and refine concepts
- Responded to feedback and improved design based on critique

3D Design / Visual Concept Project

- Developed 3D visual concepts using digital tools to explore spatial design and form
- Experimented with lighting, textures, and composition
- Presented final designs with supporting rationale

EXPERIENCE

Aircraft Service Agent / Ramp Agent Swissport | March 2023 – July 2026

- Worked in a fast-paced, high-pressure environment, demonstrating strong organisation and attention to detail
- Communicated effectively within a team to ensure efficient operations
- Developed problem-solving skills by responding to real-time challenges
- Maintained high accuracy and consistency under strict deadlines
- Built transferable skills relevant to creative roles, including teamwork, adaptability, and working under pressure

Event Organiser Assistant – 2017

- Supported the visual setup and layout of event spaces, contributing to overall presentation
- Followed creative direction to ensure delivery of design and branding
- Assisted with problem solving during live event delivery
- Collaborated with a team to deliver a visually engaging environment

EDUCATION & TRAINING

University of Bedfordshire

BA (Hons) Graphic Design (with Foundation) - First-Class Honours
September 2022 – July 2026

BSIX Sixth Form College

BTEC Extended Diploma in IT

INTERESTS

I have a strong interest in digital design, fashion, and visual culture. I enjoy exploring new creative software, developing personal design projects, and experimenting with different styles. Outside of design, I enjoy basketball, films, and music, which often influence my creative work
